WE LOVE OUR REGION

LOCATION

Port Willunga, Fleurieu Peninsula, South Australia
Wine/Tourist Region: McLaren Vale & Fleurieu
Onkaparinga Council

We are very proud to call the Fleurieu Peninsula home, known internationally as part of the McLaren Vale wine region and locally part of the Onkaparinga Council area.

WE LOVE OUR BEACH

PORT WILLUNGA BEACH is a popular beach along the mid-coast of South Australia in the Fleurieu.

The beach is surrounded by cliffs which turn to gold and ochre at sunset. The crystal blue waters are mostly calm, a popular swimming spot for South Aussies in the summer months.

We love our spot on the cliffs of this stunning part of South Australia, and we know you will too.

It's a pretty special spot for some memories
(well, we think so!)

WE LOVE OUR SPOT

We're pretty lucky to call these cliffs home.

The building is named after the famous **Star of Greece shipwreck**, which sadly sunk not far from shore here in 1888. For this reason, we like to think we carry on a little bit of history in our renovated shack on the cliffs.

We've done many renovations over the years, more recently adding a front and rear deck for more space, renovating our enclosed terrace area, and providing more shade, new timber flooring and more. Plus, there's more to come.

WE LOVE FUNCTIONS

Having people at our tables here at SOG is our favourite part of what we do.

Our functions cater to a wide range of options, from sit-down dining to canapé or even a combination of the two.

Whatever your party size or requirements, we're happy to help.

So, let's get started...

When do I need a function package at SOG?

The function menu applies for bookings of 11 adults or more, irrespective of what day you are dining at SOG. Children can select from the children's menu, or half price main courses from the à la carte menu on the day.

For bookings of up to 19, you will be seated in the restaurant. For bookings of 20 or more, you will need to use either the restaurant or terrace exclusively to minimise the impact on other diners.

Short answer - no!
